The Second Gear Grind

OK, I have been called a lot of things in my life but I guarantee one of them is not "Artist". But this last month I had the opportunity to join other HAMARC members at a Water Color Seminar hosted by Fran Earhart at the Gordinier's home. There were lots of laughs and socializing besides Fran's instructions and the painting. If you were not there, I think you really missed a good one. Thank you again, Fran! We really appreciated your shared knowledge of the Art and stories of your heritage and meeting of Greg.

Members that don't take advantage of these seminars, arranged by our Activities Committee, are missing out on some of the benefits membership in the Harbor Area Model A Club has to offer.

If you are looking for something different to do on a Saturday afternoon, come and join us for one of these "Special Events".

Till next time, remember, your only failures come when you never try.

Dennis

**Editor's Corner
By Dick Wyckoff**

Our activity committee has outdone itself again this last month. Lots of fun events involving family, friends and (of course) Model A's. Museums, tours, (food), meetings, art projects, car shows, an anniversary picnic (more food) . . . WOW!

The best thing is being with our friends and sharing stories.

Dennis, Dr. Steve and I participated in the El Segundo car show last weekend along with 300+ other fine cars. It is amazing how many people enjoyed our cars and took lots of pictures. I think there was an estimated 10,000 people that attended.

Several of us attend the weekly Friday afternoon car show at the old Ruby's parking lot in Redondo Beach. Again, lots of interesting cars show up. The fun thing is that each car has it's own unique story.

See you at the next event!

Dick

August meeting was held at the Club's picnic

Good morning Harbor Area Model A Club and guests,
Welcome to our 67th Annual Picnic. We have all kinds of activities and fun planned for you. Thank you to those that brought out your Model As today. And thank you once again to Donnis and the Activities Committee for all you do for the Club. I'm not going to bore you with all the Club Business stuff, I am going to reserve that for your Vice President, Tim. . . .

[Saturday Morning Coffee Gathering is Alive and Well!](#)

If you are looking for a little tire-kicking adventure on **Saturday** mornings between 7 and 9AM, check out the Caffeine Cruisers at the corner of Artesia Blvd. and Hawthorne, in Torrance, CA. Several of the Harbor Model A club members and other car enthusiasts of all car types meet to talk cars. There are some very nice autos and some nice people there, too!

The address is 17400 Hawthorne Blvd., Torrance CA. (at Artesia Blvd.)

Come on by and get your weekend started in true So. California style.

[2024 Membership, Roster and Club Merchandise Items](#)

Jim Huizdos has a selection of new **Club merchandise**. We have hats, shirts, patches, t-shirts and we still have 60th anniversary items for sale at a discount. More to come. The updated **2024 Harbor phonebooks/rosters** are available from Ursi free of charge through e-mail. Club members that don't attend events can request a phonebook/roster by mail. Contact **Ursi Schmidt** at 310-561-4895. Make sure Ursi has your latest info. **Just a note:** We regularly update the roster. If you have any address changes, phone number changes or email changes, let Ursi know. Let Dick Wyckoff know, too. He'll put the info in the *Harbor Light*.

Club's tour to the Lion's Car Museum

On July 27, Club members met to take our Club's private tour of Lion's Automotive Museum. We had 10 Model A's which all putted right along and 3 moderns with a total of 32 members joining in the excursion. Club members attending were divided into two groups each led by a docent. What an amazing collection of vintage/collectible automobiles. One of the best collections of Willys around and, of course, several racers. The murals were beautiful and made you feel as if you were in the location appropriate to each car. As an added bonus (only available to our group), we got to see the behind the scene restoration areas and the vehicles waiting for the restorers' magic touch.

No Harbor Area Model A tour would be without food. As promised, we had a yummy box lunch in the Lion's 50's diner. The perfect ending to a perfect day.

Tech Tip

Removal of front spring perches

The front spring perches mounted in the front axle can be a very stubborn part to remove and a method that works very well is to make a press using some Model A parts. It involves using the two front spring U bolts (part # A5455B) and the front spring center lower plate (part # A5458). Remove the nut that fastens the perch in place. Place a U bolt on the axle on each side of the front wishbone and position the dimple in the spring plate over the threaded part of the spring perch. The U bolt must have good threads because this will require a lot of force and rusted or pitted threads will strip easily before the perch budes from its resting place. Non castle type nuts are recommended because they provide more thread coverage and load bearing ability. Tighten the four nuts on the U bolts uniformly. This applies pressure to push the perch out of the axle. If this does not move the perch, heat may be needed to help loosen the bond of rust. This procedure works well even when the front axle is still on the car.

1930 Era Fashions

MARC OF FASHION MEN'S HATS

By Esther Meyer

Men's hat styles remained the same through the four years of the Model "A" era. There were hats for every occasion, from the most casual golf style hat to go with knickers, to the top hat with formal evening tails. Straw hats for summer were worn with Palm Beach suits. Derbys or fedoras were worn with business suits. For every job there was a work hat. Following are descriptions and examples of men's hats which were used during the Model "A" era.

All Wool:
 Hand shaped and hand blocked of fine all wool top coating material. One piece top with warm inband for cold weather. Fancy medium brown plaid and fancy medium gray plaid.

All Wool One-Piece Kersey

One Piece Kersey:
 Solid one piece style all wool kersey cloth, satin lined with warm inband and unbreakable visor. Colors: bluish gray and tan.

All Wool:
 All wool with a soft nap closely resembles camels hair. Patterns are dressy and refined. Satin lined. Colors: medium gray and medium tan.

Wool and Silk:
 About 2/3 wool, balance silk. Full cotton twill lined. Colors: gray and brown.

New Snappy Collegiate Cap

Collegiate Cap:
 Smaller shape 3/4 wool, balance rayon. All around leather sweatband. No inband. Colors: fancy grey and tan.

Adjustable:
 Adjust the buckle in front to fit head. Tailored of a swaggar plaid material 2/3 wool. Genuine leather sweatband in front, satin lined. Colors: fancy bluish gray plaid, fancy tan plaid.

MAFFI Minute

Model A Enthusiasts:

Today, August 19, 2024. the site at the Model A Museum was prepared for the expansion construction to begin! How exciting!! The expansion will allow for more cars to be displayed and stored, more vignettes to be displayed showing era scenes, a garage where cars can be worked on AND where education can take place for maintenance/overhauls of the Model A. There will be a restroom in the building with the expansion as well, which may not be as exciting, but certainly will be appreciated!

Many Model A enthusiasts have contributed to this expansion. We have cash donors, donors who have given Model A cars to be sold, Model A enthusiasts who have purchased Sweepstakes tickets to help out, others have purchased a plaque with their car and name on it to go on the wall as a way of helping. There's also many people to thank behind the scenes too; those gave hours of time getting the donated Model A's for sale running well is just one example. It takes a whole lot of Model A'ers to make a museum this great, and we thank you and love you for it.

Although the expansion is officially underway, we can't stop now! There is a whole new piece of real estate to outfit to tell the story of the Model A and its place in history, so we will continue to fundraise until all the pieces are in place. Thank you for whatever you have done and can do to help the Model A Ford Foundation Inc. Museum be the best.
