PRESIDENT'S MESSAGE

Hello fellow Model A enthusiasts! As I write this message, I'm still thinking about our April guest speaker, Joe "Pepe" Sciarra. This 100-year-old veteran spoke about all of his experiences in WWII like it just happened yesterday. I stood there in amazement

Dino Falabrino

watching him speak so eloquently for almost an hour and kept us wanting to hear more. Pepe is a National Treasure and we were so lucky to have him visit the club. My original plan was to bring him in my Jeep but bad weather cancelled that idea. I promise he'll get that ride when the weather is right.

A few weeks ago, we had another anniversary event dubbed "Pioneers and Pies". We drove to La Puente and toured the Rowland House. From there we motored to a nearby Marie Callender's Restaurant for lunch. That's where the "Pies" came into the tour. It was a great tour, great turnout and great weather for the day. A special thanks goes out to Janet Beggs and our tour guide Jim Kroeger for leading us on a great event.

There's lots of fun stuff planned for the rest of our 50th so sign up and come celebrate with us.

By the way, if you have a Model A, know someone who owns one or know people who like them and are looking for a club your search is over. We're it even if the Model A is not quite original and has some modern improvements, may lack some running abilities or whatever! Come to an event or a meeting, meet the members and share your visions.

As always, Dino Falabrino

STOLEN MODEL A

Be on the lookout for a Yellow & Black 1930 Tudor that was stolen from the Public Storage in San Gabriel Valley around Feb. 27th. CA license plate is HACPRUF. Any information should be directed to Arvid Olson or Dennis Chapman

Our Golden Anniversary has arrived!

The celebration for the 50th anniversary of the Santa Anita A's will return to the Shakespeare Club of Pasadena which was the scene of our Ruby Anniversary a decade ago. This is a dress-up event although our 50th Anniversary club shirts (the black ones) are also appropriate. You are most welcomed to reach out to former members to invite them. For your convenience an e-blast with an invitation will also be sent.

This is one event not to be missed! There will be cars and people there you haven't seen in a while. Fun is always guaranteed and lots of people have already RSVP'd. Don't miss out!

MYSTERY MANSION LOCATION REVEALED!

By Jim Kroeger

For over two months club members tried to figure out where the mystery mansion location was on our Pioneers and Pies Tour. No one was successful even after it was disclosed it was near our lunch stop, Marie Calendars.

Twenty-five members and eleven Fords met in the Walmart parking lot and found out they were headed to the John Rowland Mansion in La Puente. The home is located on the La Puente Unified School District office property and our own Nancy Stancil couldn't contain herself. She had worked for the district for over 30 years and was the only one familiar with the property. Upon arriving we were met by Amy Rowland, a 6th generation descendant of the family. What better person to have as our docent! All classic cars were escorted through a private gate and were allowed to line up in front of the mansion for photographs.

There are basically three buildings located on the property: the cookhouse, the Rowland home and the Dibble Roundhouse. The mansion was built in 1855 and was the first two-story brick house in Southern California and is the oldest brick house now standing in the area. In 1887 the mansion was remodeled by changing the slope of the roof, stuccoing the brick and adding a kitchen.

The roundhouse is a re-purposed water tank for the ranch that was turned into a museum in 1950 and contains ranch equipment and Indian artifacts. The roof is supported by mahogany beams in a beautiful spiral pattern. All these structures are owned and maintained by the La Puente Valley Historical Society.

An additional bonus to our tour was the discovery of a very special Model A. Descendant Rick Rowland brought an original 1930 roadster sports coup that was purchased by Walter Temple Jr. for his wife Nellie. Mr. Temple's family home is located down the street known as the Workman, Temple Family Homestead Museum. Rick is now the second owner of the Model A.

As we concluded our visit, Santa Anita A members passed the hat and donated over \$200 to help with a mansion restoration project. Amy had tears in her eyes and will use the funds to restore the living room chandelier. Well done A's!

SPONSOR SPOTLIGHT

VALLEY BRAKE AND WHEEL

To say this company is a family affair is a huge understatement.

Valley Brake and Wheel was founded by Richard Anderson Sr. on Sept. 19th, 1961. He ran a full-service shop doing everything from tune ups to alignments to brakes and everything in between.

In 1995 he sold the business to his 3 children. Ken, Karen and Richard Jr. then ran the business and keep it the success it is today with a few changes. Karen eventually sold to Ken but still works there one day a week. Richard Jr. also sold to Ken but was brought back in to work strictly on Model A and various other cars from that era.

Let's not forget Randy! The family's right-hand man. Everyday behind the counter you'll find Randy hard at work on putting everything together from estimates to ordering parts to giving advice on how to solve your issues.

Valley Brake and Wheel does repairs on all vehicles. On any given day you'll see motorhomes, buses, cars of all makes and sizes being put back in road worthy condition. If you get farther back in the shop, you'll find Richard Jr. with a handful of old cars being restored or repaired. Ken also has a staff of knowledgeable people who work on classic and muscle cars too. On any given day you might see a 65 Dodge Polara convertible, a Caddy, Plymouth Valiant, Mustang or a chopped 34 coupe or 55 Ford pickup.

They really do it all. Many of our members have used them over the decades for many issues on many of our different cars.

Richard Jr. also sits on the Board of the Santa Anita Model A Club.
